PROFESSIONAL PROFILE

Assistant Superintendent with experience at private and public golf courses in Minnesota, Texas, and New York. I enjoy every part of golf course maintenance, especially irrigation, course setup, and working with the crew to get the golf course ready each day. Throughout my career, I've looked for opportunities to keep learning, from moving to Texas to gain experience with warm-season turf to continuing my education through Anoka Technical College and GCSAA. My goal is to keep growing as an Assistant Superintendent and eventually become a Golf Course Superintendent.

PROFESSIONAL EXPERIENCE

Westchester Country Club | Rye, New York

Assistant Superintendent

April 2025 – Present

- Promoted from Second Assistant Superintendent to Assistant Superintendent in May 2026 after taking on increased leadership responsibilities.
- Lead the daily maintenance of an 18-hole championship golf course alongside the Superintendent and leadership team.
- Manage and organize the daily work of a 23-person crew on the South Course.
- Set the crew up each morning and adjust daily priorities as needed.
- Handle course setup, including changing cups and evaluating daily playing conditions.
- Manage hand watering, irrigation repairs, and day-to-day water management.
- Apply fertilizer and plant protectants as part of the agronomic program.
- Maintain bentgrass tees and fairways, Poa annua greens, and turf-type tall fescue rough.

- Work with the existing Toro Lynx irrigation system during a full-course irrigation renovation.
-

Lozano Golf Center | Corpus Christi, Texas

Irrigation Technician

November 2024 – March 2025

- Moved to Texas to gain experience with warm-season turf and a different style of golf course maintenance.
 - Maintained and repaired the Hunter irrigation system, including broken heads and pipe breaks.
 - Performed daily course setup and general maintenance across the property.
 - Led a small crew during a drainage project on the 9-hole course.
 - Assisted with spray applications and learned the course's plant protectant program.
 - Supported bunker renovations and other course improvement projects.
 - Worked with the equipment mechanic to learn reel grinding and preventative maintenance.
-

Mankato Golf Club | Mankato, Minnesota

Golf Course Maintenance Crew Member

August 2023 – November 2023 | March 2024 – October 2024

- Maintained an 18-hole private golf course with bentgrass greens, tees, and fairways and Kentucky bluegrass rough.
 - Performed daily course setup including mowing, cup changes, tee service, bunker work, and tree work.
 - Gained experience with irrigation repairs and system maintenance.
 - Assisted with a full tee renovation project.
 - Supported fertilizer applications, cultural practices, and general course upkeep.
-

St. Cloud Country Club | St. Cloud, Minnesota

Golf Course Maintenance Crew Member

May 2023 – August 2023

- Performed daily golf course maintenance including mowing, cup changes, tee service, bunker maintenance, and tree work.

- Maintained bentgrass greens, tees, and fairways with Kentucky bluegrass rough.
 - Developed a foundation in golf course maintenance and learned consistency and attention to detail.
-
