

Philip Webb

Golf Course Superintendent

Patriot, Ohio | 740-479-2561 | philipwebb108@yahoo.com

Objective

I am seeking a position within the golf industry where I can immerse myself in all facets of the field, using my passion for learning and dedication to excellence. Committed to acquiring comprehensive knowledge and skills while fostering a collaborative environment where insights are shared to enhance the golf course experience for patrons and colleagues alike.

Professional Experience

Golf Course Superintendent 2024- Current

- Collaborate with the General Manager, Golf Pro, and Grounds Staff on what is our goal and daily duties
- Train Assistants and Grounds crew to ensure the course is in great condition
- Budgets, payroll, time sheets
- Email club members about the changes or any news of the grounds and its staff
- Irrigation and timing of said irrigation
- Chemical sprays for the spray techs
- Plan for the unseeable and enjoyment of the great industry of golf course maintenance

Assistant Golf Course Superintendent 2020-2024

Guyan Golf and Country Club, Huntington, West Virginia

- Collaborated closely with the Superintendent to execute daily tasks and ensure smooth operations of the golf course.
- Provided leadership and guidance to the crew, ensuring they performed optimally and adhered to professional standards.
- Conducted comprehensive training sessions for crew members on equipment operation and various job responsibilities.
- Proficiently managed the application of fertilizers, herbicides, and insecticides to maintain turf health and enhance course aesthetics.
- Facilitated the training of new spray technicians, ensuring adherence to safety protocols and efficient application techniques.
- Demonstrated expertise in maintaining Toro equipment and irrigation systems, ensuring their proper functionality.
- Managed the scheduling of crew tasks, optimizing productivity and resource allocation.
- Conducted regular monitoring of turf conditions, identifying, and addressing issues such as disease, insect pressure, and stressors from weather and traffic.
- Collaborated with team members to develop and implement strategies for turf maintenance and improvement, contributing to the overall excellence of the golf course experience for patrons.

Second Assistant Golf Course Superintendent 2016-2020

Guyan Golf and Country Club, Huntington, West Virginia

- Led small teams in project management.
- Over-saw an in-house bunker renovation.
- Supervised the transformation of rough turfgrass into a uniform stand of bermudagrass.
- Acquired proficiency in recognizing turfgrass diseases and implementing appropriate control measures.
- Implemented Best Management Practices (BMPs) for sprayer and fertilizer applications, including calibration and kept meticulous records.
- Setting up equipment and adjusting mowing heights on Toro equipment.
