Elevator Pitch

Hi, I'm Chase Parks. I specialize in golf course maintenance. I have hands-on experience keeping courses in top playing condition. I am skilled in everything from mowing greens and fairways to cutting cups and raking bunkers. I take pride in understanding the details that matter to golfers and course managers. Those details include turf health, safety, and aesthetics. I'm currently looking for a position where I can bring that same level of care and reliability to a team that values quality and consistency. I'd love to learn more about what you're looking for.
